Dear Hiring Manager,

I am writing to express my interest in the .NET Development Internship at your esteemed organization. As a recent graduate in Computer Science and a beginner in .NET development, I am enthusiastic about learning and growing my skills in this field.

I am currently building a foundation in .NET technologies by working on basic projects such as CRUD applications using .NET Core. Through this process, I am developing an understanding of key concepts like web development, database integration, and object-oriented programming. I am also familiarizing myself with tools like Visual Studio, C#, and SQL to further strengthen my technical abilities.

I am eager to gain hands-on experience in a real-world setting and collaborate with experienced professionals to deepen my understanding of .NET development. My enthusiasm for learning and dedication to improving my skills will allow me to contribute positively to your team while growing as a developer.

Thank you for considering my application. I look forward to the opportunity to discuss how I can support your team and grow as a .NET Development Intern.

Sincerely,
Naresh Poudel
